Dr. David Stone
The Council for Tobacco Research
U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. Stone:

You are invited to attend the NATO Advanced Research Workshop/Fourth International Workshop on Effects of Mineral Dusts on Cells to be held September 21-23, 1988 in Orford (Magog) Quebec, Canada. A program is enclosed for your information. We will not require a registration fee, but would ask that you complete and return the enclosed form as we are limited to 125 invitees.

In keeping with past tradition, we have selected a small resort, Auberge Etrimont, at the foot of Mont Orford, for the location of the meeting. We urge you to make your room reservations directly with the hotel. (Please call 1-819-843-1616, Ms. Denise Duhamel and specify that you are an invitee). The rates are \$118 (Canadian funds) per day per single room to include meals and lodging. We urge invitees, whenever possible, to share a double room for a substantially lower fee (\$90 per day). A shuttle bus service to Auberge Etrimont from Mirabel Airport (18:00 and 20:00) to Dorval and the downtown Montreal bus terminal will be available the evening of September 20 with return trips leaving Auberge Etrimont on September 23 at 15:00 and September 24 at 8:00 A.M. Further details will be sent to you prior to the workshop.

We look forward to seeing you in September.

Sincerely,

A handwritten signature in cursive ink that appears to read "Brooke T. Mossman".
